IDEA IS CRYSTALLIZING AT CONGRESS

And Pleas Are Made for Greater Pan-Americanism

RECIPROCAL KNOWLEDGE

Of Each Other Among American Nations is Important and This Fundamental Idea is Amplified By the Woman Delegate From Argentina—International Questions Discussed.

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 30.—Pleas for a greater pan-Americanism were numerous today on the program of the Pan-American scientific congress in spite of the great volume of papers read on technical subjects. Scores of questions of an international character were discussed and members of the congress informally talked of the crystallization of the Pan-American idea into a concrete form that might become known as the Pan-American Alliance.

A Pan-American congress that had for its one object the co-ordination of a principle of general education for the whole continent, with the fundamental idea of giving special importance to the reciprocal knowledge of the American Nations, was suggested by Mrs. Ernestina A. Lopez De Nelson of Argentina.

Addressing the congress on education she said that more Americanism and less nationalism should be taught the children of both north and south America.

"The education now given to the children of America, she declared, 'does not prepare them for Pan-American feeling of brotherhood which is so desirable, but fills them with false conceptions and predisposes them to look on the American neighbors with suspicion. Certain prejudices exist between the American nations which makes them see each other in a false light. One reason is that we always compare our neighbors with the traditional European models instead of giving to each nation its own individual worth.'

Knowledge of governmental administration is important for women, asserted Miss Solponisba Breckenridge of the University of Chicago, because they must rely on this as a condition for efficient household management. Women and girls have availed themselves of the educational opportunities blithely offered them, she said, adding there was no reason to believe they would not respond to opportunities more closely related to current demands.

HUNTING TRIP SAVED LIFE OF TORPEDO MAN

Shawnee, Dec. 30.—Seven hundred and seventy-six quarts of nitroglycerin, confined in a magazine, owned by the Producers Torpedo company of Marietta and located two miles south of New Straitsville, exploded yesterday. The company's officials were unable to confirm the rumor that lives had been lost. It is claimed that Harry English, shooter in charge of the magazine, was away hunting when the explosion occurred.

The force of the explosion was felt within a radius of 40 miles and considerable damage has been reported. Windows in practically every house were shattered.

The explosion is said to have resulted from the blowing up of an oil stove that was placed in the room to keep the fluid from freezing. The loss is estimated at \$2,000 by the company.

ALLIES SINK 2 AUSTRIAN DESTROYERS

[ASSOCIATED PRESS TELEGRAM] Paris, Dec. 30.—Two Austrian torpedo boat destroyers have been sunk as a result of an encounter with sea forces of the allies at a point outside of Cattaro in the Adriatic.

The purpose of the Austrian ships was to bombard Durazzo. An allied squadron went to meet them with the result above set forth. In addition the remainder of the Austrian squadron was pursued by the warships of the allies and compelled to flee towards the Albanian base.

This information was contained in an official announcement of the French marine department given out today, which reads:

"An Austrian naval division having come out from Cattaro for the purpose of bombarding Durazzo, certain squadrons of the allies went forth to give battle. The Austrian torpedo boat destroyer Lika encountered a mine and was blown up. The destroyer Triglav, of the same type, was destroyed by fire from the ships of the allies. The remaining warships of the enemy were pursued and fled in the direction of their base."

REPORT MACKENSEN VISITED IN SOFIA

[ASSOCIATED PRESS TELEGRAM] London, Dec. 30.—A semi-official telegram received in Amsterdam from Sofia, Bulgaria states that Field Marshal Von Mackensen, the German commander arrived at Sofia yesterday according to a despatch to Reuters Telegram company.

After visiting the German and Austrian ministers to Bulgaria, and King Ferdinand, the field marshal returned to headquarters.

It was reported in December 28, in news despatches that Field Marshal Von Mackensen was directing preparations for a powerful expedition against Egypt.

SNOW IN CALIFORNIA.

[ASSOCIATED PRESS TELEGRAM] San Bernardino, Calif., Dec. 30.—Snow fell here today for the first time in more than ten years.

The snowfall was general in this section of the southern California citrus belt.

Growers said no damage to citrus fruits would result unless the temperature dropped much lower.

RUSSIANS

Believed to Have Undertaken a Great Offensive Near Bukovina

NO REPORTS RECEIVED FROM PETROGRAD

But Austrians Tell of Attack By Dense Masses

GREAT BATTLE GOING ON

It is Believed, the Fighting Extending Along a Wide Front of Forty Miles—Berlin Does Not Deny Report of French Success in Vosges Region—Domestic Strain in England Eased.

[ASSOCIATED PRESS TELEGRAM]

London, Dec. 30.—Although Petrograd remains silent, the public is inclined to believe the Russians are undertaking a great offensive in Bukovina, near the Bessarabian border. Official Austrian reports telling of attacks by dense masses of Russian troops indicate that an important battle is under way.

The fighting centers at a point near Toporutz, a small town just within the border of northern Bukovina, but a simultaneous attack is being made along an extended front, reaching from the Pruth to a position north of Dniester, a distance of about 40 miles. The latest advice state that the Russian assault is being continued accompanied by an unusually heavy bombardment.

Unofficial reports from the extreme northern portion of the eastern front state the Germans have made a serious but futile attack in the region of Lake Babi, while the Russians west of Lake Kanger are threatening Mitau. These opposing attacks create a delicate situation, as a successful advance by either would endanger considerable forces of the defeated opponent.

Along the western front, except for mining and aerial engagements on the British lines, the chief fighting seems to be confined to the Vosges where, in the region of Hartmann-Wellerkopf, the French claim to have made a successful advance. Berlin officially minimizes this success but does not deny it wholly.

Nothing has happened to change the Macedonian position, but it is generally believed that any advance into Greek territory must be made by the Bulgarians, the opinion being that the Austro-Germans cannot spare enough troops for a serious attempt against Saloniki.

Domestic tension in England over the question of conscription has been greatly relieved. Speculation continues concerning the method which is to be adopted to reach eligible unmarried men, a majority agreeing that the Derby plan of attestation will be extended for this purpose.

BUCHANAN TALKS PEACE WITH BRYAN

Illinois Congressman May Be Arrested for Conspiracy; Warrant Taken to Washington

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 30.—Service of the warrant for the arrest of Representative Frank Buchanan of Illinois, on the indictment charging conspiracy with seven others identified with Labor's National Peace council to foment strikes in American munition plant was held up today while department of justice officials considered whether Mr. Buchanan as a member of congress was immune from arrest. The warrant sent from New York was received today. In addition to Mr. Buchanan, it calls for the arrest of former Representative H. Robert

Fowler, of Illinois, H. B. Martin and Herman Schulteis on the same indictment.

Whatever the decision with respect to Mr. Buchanan, it was said the other three arrests would be made if possible.

A representative of Snowden Marshall, U. S. attorney at New York brought the warrant and conferred with officials in charge of the prosecution.

Mr. Buchanan conferred with colleagues over the probability of his going to New York to appear without awaiting arrest if such a course would not interfere with his rights and duties as a member of the house.

GREEK STEAMER COMING SLOWLY INTO NEW YORK

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 30.—Another radio message received today from the Greek steamer Thessaloniki, which is making for this port with her boiler room partly flooded.

"On account of small damage," read the message, "we come with lessened speed. Engineers assure no cause for alarm. Account of

strong winds speed four miles when weather improves speed will be six or seven miles."

Officials of the Greek line said at the rate of speed she is now making the Thessaloniki should reach New York Saturday morning. At noon yesterday she was 190 miles off Sandy Hook.

STEAMER WRECKED; CREW WAS RESCUED

[ASSOCIATED PRESS TELEGRAM]

Port Arthur, Texas, Dec. 30.—Captain Ben T. Brogg, and the crew of six men of the schooner Thomas Winsmore, which they abandoned in a sinking condition off the Bahama Islands, were brought here today by the British tank steamer Lucullum. Captain Brogg said his vessel was wrecked by violent gales.

Lansing Suggests Pan-American Union to Settle All Boundary Disputes, by Their Arbitration

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 30.—Secretary Lansing has suggested to all the nations which, with the United States comprise the Pan-American Union, that they join in a convention for the arbitration of all boundary line disputes and for the prohibition of shipments of war munitions to revolutionaries.

Secretary Lansing's proposal, which has the full support of President Wilson, is being forwarded by the Latin-American ambassadors and ministers here to their home foreign office for consideration. It is regarded as one of the steps in a wide plan, in which the Pan-American scientific congress now in session here is a part, for preservation of peace on the western hemisphere, and a closer union of all the Americas.

The status of the negotiations and the details of Secretary Lansing's proposals are so far being held as confidential between the state department and the Latin-American chancelleries here. Mr. Lansing today declined entirely to discuss it in any phase and the diplomatic uniformly declared that they could not discuss a matter which was in its preliminary stage and under consideration by their home foreign offices.

It became known, however, that soon after Secretary Lansing delivered his Pan-American unity speech before the scientific congress in which he advocated a Pan-American "one for all and all for one" he began inviting the Latin American representatives to the state department two at a time outlining to them his proposal. At the same time, it is understood the secretary's

public declaration which had attracted much favorable attention among the Latin-Americans because of its suggestion that all the Pan-American nations should, if necessary, constitute a united bulwark against any unjust invasion or aggression upon a neighbor, was discussed in some detail and uniformly it is understood the Latin-Americans expressed their approval of Mr. Lansing's statements.

The technical form in which the new proposal was made was not disclosed today but there are indications that it took the usual form of a memorandum to the diplomats, and was in such official form as could be transmitted to their home governments as the basis for action.

One of the first elements of the proposal, which has for one of its ultimate objects, the welding of a thoroughly united America is the preservation of peace on the American continent. It is realized that the chief menaces to such a peace are

boundary disputes and revolutionary activity. It is pointed out that if all boundary disputes are removed to the realm of arbitration and all the Pan-American nations bind themselves to absolutely prohibit shipments of war munitions to any other than established governments, peace among the nations themselves would practically be assured and the attention of all the American nations could be devoted to what Secretary Lansing expressed in his speech as working out their destinies.

"Within recent years," said Mr. Lansing, "the United States has found no occasion, with the exception of the Venezuelan boundary incident, to remind Europe that the Monroe doctrine continues unaltered a national policy in this republic. The republics of America are no longer children in the great family of nations. They have attained maturity."

At another point Mr. Lansing said: "When we attempt to analyze Pan-Americanism we find the essential qualities are those of the family—sympathy, helpfulness and a sincere desire to see another grow in prosperity, absence of covetousness of another's possessions, absence of jealousy of another's prominence and above all, absence of that spirit of intrigue which menaces the domestic peace of a neighbor. With all earnestness therefore I commend to you the thought of the American republics, twenty-one sovereign and independent nations bound together by faith and justice and firmly cemented by a sympathy which knows no superior and no inferior, but which recognizes only all equality and fraternity."

PRESIDENT WILL PLAY GOLF TODAY WITH HIS BRIDE

[ASSOCIATED PRESS TELEGRAM]

Hot Springs, Va., Dec. 30.—Correspondence sent here by messenger from the White House engaged President Wilson's attention today. Another long letter from Secretary Lansing, the third within three days, was delivered to the president. The president and Mrs. Wilson expected to play golf this afternoon. They have been invited to attend a New Year's Eve celebration at the hotel and may do so.

CHANCE FAVORED GAMBLER EVEN IN FALL DOWN STEPS.

[Associated Press Telegram] New York, Dec. 30.—Chance favored Richard Canfield, gambler and art connoisseur, even in his fall down the steps of a subway station about a year ago. It was learned today that Canfield was on his way at the time of his death, to surrender his life insurance policy and to obtain a check for \$10,448, representing its surrender value. The accident which resulted in his death prevented him from signing a release to the insurance company.

The executor of his estate sued the insurance company for the value of his policy and obtained a judgment yesterday for \$33,833.

SAFETY

Of United States Depends Upon Immediate Increase of Army

ADMINISTRATION PROGRAM INADEQUATE

Engineer Declares Before Scientists at Columbus

WAR OF THE REBELLION

Could Have Been Crushed at Bull Run, and Canada Could Have Been Annexed in 1812 and War Won Had Only a Comparatively Small Army Been at Instant Command.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 30.—The southern states' rebellion could have been crushed at the battle of Bull Run if 30,000 Federal troops had been available and the war of 1812 could have been won immediately by the United States with subsequent annexation of Canada, if only 10,000 soldiers had been ready, Henry A. Wood, engineer, of New York, declared in an address today before the American Association for the Advancement of Science at its meeting here.

He characterized the administration defense program as entirely inadequate.

Mr. Wood resigned from the naval advisory board December 22, in order to be at liberty, he explained, to criticize the present national plans for preparedness.

Secretary of the Navy Daniels, who was to have made an address before the association today, did not appear and did not send a paper to be read.

Using the wars of 1812 and the rebellion as examples, Mr. Wood declared that the safety of the nation depends on acceptance of the recommendations of the general staff of the army for immediate increase of the army to 280,000 men, eventually to 500,000, and on the enlargement of the navy to a size sufficient to defend both the Atlantic and Pacific coasts.

The Monroe doctrine is in conflict with the Colonial policy of the German empire, Mr. Wood said, and "we find here a point of contact at which danger may arise."

"Where fundamental policies of two nations conflict there is bound to be friction, and where there is friction eventually there may be war," he said. Mr. Wood said Japan could deliver 238,000 men on the shores of the United States in 63 days, and added:

"If we intend to maintain our exclusion policy it will be necessary for us to have a navy sufficiently large to enforce it if challenged."

"Were Germany, with her superior fleet, to make a feint towards South America, and thus draw our fleet in that direction, the remainder of her fleet could safely convoy to our shores the 827,000 troops which our general staff has stated can be landed here in 46 days, when we should suffer the outrage of an invasion."

"If on the other hand, our fleet were retained in northern waters, to protect us, then Germany could easily establish herself in South or Central America from which it would be next to impossible to drive her."

"If we should shield South or Central America and permit our own shores to lie open, an army could be landed upon Long Island, sufficiently near New York, to reduce that city with the mortars which have been used with such effect in Belgium. With New York city and its surrounding territory in the hands of the enemy, an enormous indemnity could be levied in which the whole country would have to participate while humiliating terms of peace could easily be dictated."

"It is apparent that humanity and the preservation of the righteousness throughout the world, no less than our own security, require that the balance of power which too long has been permitted to lie with the warlike nations."

Prohibition Candidates for President Discussed; Hobson, Sulzer and Hanley Mentioned

[ASSOCIATED PRESS TELEGRAM]

Chicago, Dec. 30.—Plans for extending prohibition territory were discussed today at a conference of prohibition party leaders summoned here by the executive committee of the national committee of the party. The date of the national convention was tentatively set by the national committee for July 19 and 20, at Minneapolis.

In informal discussions of Presidential nominee possibilities, a number of men not actively connected with the prohibition party were mentioned, among them being: J. Frank Hanley, formerly governor of Indiana; William Sulzer, former governor of New York; Richmond P. Hobson, former congressman from

Alabama, and Eugene Foss, former governor of Massachusetts.

At a preliminary meeting of the conference last night, F. J. Curtis of Jamestown, N. Y., said he hoped Colonel Roosevelt would be the candidate of the Republican party and that he would run on a Prohibition platform.

Virgil G. Hinchaw, chairman of the national committee, at today's conference said he believed the prohibition party to be stronger now than the Progressive party.

Among the party leaders present were: Finley C. Henderson, Cumberland, Md.; Dan Pollard, Ohio; Robert H. Patton, Springfield, Mo.; and W. G. Calderwood, Minnesota.

NEW OFFICERS BEGIN TERMS JANUARY 1ST

AN ARMY OF ABOUT 22,000 IN OHIO MUNICIPALITIES AND TOWNSHIPS.

About One-third of These Were Re-elected—Will Actually Begin Next Monday—Local Officers.

(ASSOCIATED PRESS TELEGRAM) Columbus, Dec. 30.—An army of 22,000 municipal and township officials elected last November will be eligible to take office Saturday, the first day of the new year, although most will not actually assume their duties until Monday. About 10,000 are city or village officials, and 12,000 are township authorities. It was estimated at the secretary of state's office. Probably one-third were re-elected and will only continue their duties.

In most of the 80 cities and more than 700 villages, these officials will take office: Mayor, treasurer, auditor, six councilmen, two or three members of boards of education. The cities only have elective solicitors who will be inaugurated, and in only the largest cities have police or municipal judges.

A few cities have large boards of education and more than three members will go into office in those cases. Charter cities, which have their own individual systems of municipal officers are Cleveland, Toledo, Columbus, Dayton, Springfield, Middletown, Sandusky, Ashland, Lakewood.

In the 134 townships whose boundaries are not co-extensive with those of municipalities, these elective officers will take up their jobs: Three trustees, one clerk, one treasurer and two or three members of boards of education, one justice of the peace (more in a few townships) and one constable.

FEW CHANGES IN OFFICIAL FAMILY IN CITY OF NEWARK.

While the terms of all city officials expire tomorrow night, there will be few changes in the city's official family. There are five councilmen to take their seats when council meets for the first time in 1916, there being the only new elective officials in the city. The new councilmen are S. H.

Beadle, who succeeds O. J. Payne in the first ward. Joseph Stasel, who succeeds J. R. Ashbrook in the second ward. Dr. J. G. Shlirer, succeeding J. P. Barker in the third ward. R. L. Curry who takes H. L. Rexroth's place in the sixth ward and Harvey Alexander who succeeds Dr. C. F. Lege as one of the councilmen at large.

These new officials probably will be sworn in next Monday night when the first meeting is held. At that meeting the body will organize for the new year, naming the president pro-tem and the clerk. Council Clerk Joseph S. Woodward is serving after his election from the civil service list, and it is probable that he will retain his position particularly since the new council retains the republican majority.

For president pro tem the selection will be made from a list including the names of Councilman Adams, Seward and Knauber. If this organization follows precedent set in the past, by which this officer is chosen from among those who have had experience in previous councils. While the caucus held this week accomplished nothing according to reports, it is not unlikely that Councilman Adams will be accorded this honor.

Friday at midnight the office of district assessor ceases to exist, and the work formerly performed by that officer will be done by the county auditor in the future.

Tax Assessor Robert S. Campbell and his deputy, Edward R. McGonagle have everything ready to turn over to County Auditor J. W. Hursey. Their books and records are in excellent shape, the same showing that the personal tax valuation, including public utilities, will be \$35,254,540 for the coming year, and the valuations on all lands and real estate will be \$52,561,810. The total tax duplicate of Locking county will be \$57,816,050, from which the county treasurer will collect a total of \$1,035,377.92 in taxes.

Tax Assessor Campbell will again take up the duties of overseeing his farm near Jacksonville. He made many friends during his conduct of office and possibly may decide to enter politics in the near future.

Deputy Tax Assessor Edward McGonagle will be retained by Auditor Hursey. The duties of the latter office will be multiplied by reason of combining the two offices and Mr. McGonagle will prove of valuable assistance as he is thoroughly familiar with the taxing methods under the new law. He has made a splendid official and Auditor Hursey has made a wise selection in appointing him on his staff.

W. C. WAKEFIELD UNDER ARREST IN DETROIT, MICH.

W. C. Wakefield, well known in Newark, is under arrest in Detroit, Mich., on a charge of embezzlement. He was arrested in Chicago by detectives.

He is accused by "Secretaries" of the American Civic Institute of which he is founder and president of converting cash and securities to his own use.

Mr. Wakefield came to Newark, about November 1, 1913, and following the line of his general work, which he styled a specialist in commercial organizations, he was employed by the Newark Board of Trade. His suaveness and ability as a conversationalist soon established him here and he immediately planned a reorganization of the Board of Trade in an effort to stimulate interest and increase the membership.

His plan for reorganization was introduced and successfully carried, and he remained here until February 1, 1914, when a complete disregard of personal financial obligations, forced the board to demand his resignation.

His chief offense in Newark was the issuing of checks for which there were no funds. He offered these checks in payment of bills, and oftentimes persuaded acquaintances to cash them for small amounts.

During his stay in Newark he made a trip south and soon after his return a flood of inquiry disclosed the fact that his path going and coming was strewn with worthless paper. He induced the secretary of the Chamber of Commerce at Cincinnati to cash a personal check, and a Columbus hotel was also the loser.

At the Sherwood Hotel a board and lodging bill remained unpaid. Inquiry after his departure developed the fact that at Lancaster and other cities he had similarly conducted his affairs. However he never secured any of the funds belonging to the Board of Trade, and no effort was made to prosecute him.

OPEN HOUSE FOR LOCAL NEWSBOYS NEW YEAR'S DAY

The carrier boys of the local newspapers are invited to be the guests of the Y. M. C. A. on New Year's morning. They will have access to the gym and swimming pool and a basketball game will probably be arranged. The boys are promised a good time by Secretary Frank L. Johnson, and there is no doubt but that all of them will accept of the hospitality which has been extended them.

W. E. HOPKINS TO GIVE A LECTURE AT CENTRAL CITY

Central City is promised an unusual privilege next Sunday evening, when Rev. W. E. Hopkins, a returned missionary from India, will give a lecture in the Baptist chapel, describing the people of that country, their manners and customs, illustrating his talk by a number of beautiful lantern slides. Mr. Hopkins has traveled extensively in that far away land and his lecture will be of interest to old and young. No fee will be charged, but a free will offering will be taken.

TAR SOCIAL TO BE HELD IN NEWARK

The annual Tar Social of the Buckeye Lake Yacht club will be held in this city at Assembly Hall on the evening of Thursday, January 20. All arrangements having been completed by the committee in charge. A turkey banquet will be served and the menu will consist of numerous good things prepared by one of the city's best caterers. A feast of song and short addresses will follow and the event promises to be a merry one. The Tar Socials being noted for the good fellowship which always prevails at such functions.

It has been the custom for years to hold the socials at Columbus, the last one in this city taking place a number of years ago. It was the desire of the Newark members of the Buckeye Lake Yacht club to prove to their Columbus brothers that just as good a banquet can be served in Newark as in Columbus.

Commander W. L. Whitacre of the yacht club will be present and it is also expected that Commander J. O. Richardson and Commander Henry W. Hess of the Toledo Yacht club will be present as well as Commander Frank R. Fry of Detroit and Commander George H. Worthington of the Forest City Yacht club.

Governor Frank B. Willis, Hon. Warren G. Harding, Hon. Allee Pomeroy and Hon. W. A. Ashbrook, associate members of the Buckeye Lake Yacht club will be extended invitations and it is hoped that they will be able to accept.

APOPLEXY

CAUSES SUDDEN DEATH OF GOVERNOR OF MINNESOTA, IN LOUISIANA.

Winfield Scott Hammond Died in Clinton Hotel Before Physicians Could Arrive.

(ASSOCIATED PRESS TELEGRAM) Clinton, La., Dec. 30.—Governor Winfield Scott Hammond of Minnesota, died suddenly in a hotel here early today from a stroke of apoplexy, which physicians stated apparently had been superinduced by a recent attack of pneumonia poisoning. He died before physicians could arrive.

Governor Hammond, accompanied by his private secretary, J. A. Nowell, arrived here three days ago to inspect his extensive land and lumber interests in East Feliciana parish. He had not been well for several days but was able to go about the town. He did not consider his condition serious enough to consult a physician. Shortly after breakfast this morning, Governor Hammond went into the washrooms and a moment later Mr. Nowell and others heard him groaning.

Rushing in they found him on the floor. He was carried to his room and physicians summoned, but he expired within a few minutes.

LIEUT. GOVERNOR ILL IN BED WHEN INFORMED OF DEATH.

(ASSOCIATED PRESS TELEGRAM) St. Paul, Dec. 30.—Lieutenant Governor J. A. Burquist, who becomes governor of Minnesota as a result of the death of Gov. Hammond, was ill abed when told of his predecessor's fate. Mr. Burquist received the news at his residence where he had remained today because of indisposition precipitated by a cold. Winfield Scott Hammond, eighteenth governor of Minnesota, was inaugurated just about a year ago, following his election on the Democratic ticket. Previously, he had served several terms in the national house of representatives, being sent to Washington from the second Minnesota district.

Gov. Hammond was unmarried. He was born November 17, 1863, at Southboro, Worcester county, Massachusetts. He was educated at Dartmouth College, where he graduated with the class of 1884. As a young man he came to Minnesota, was admitted to the bar and began the practice of law at St. James.

GOVERNOR EXPECTED TO RETURN FRIDAY: DEATH WAS SHOCK

St. Paul, Minn., Dec. 30.—Governor W. S. Hammond, who died suddenly at Clinton, La., departed from St. Paul for the south just a week ago today, to inspect some farm lands which he owns in the vicinity of Clinton.

At his offices at the state house, it was said that he had been expected to return tomorrow and that no intimation that the governor was ill had been received here or at St. James, Minn., where Milton Hammond, the governor's brother resides.

NORTHERN OHIO DIGGING ITSELF FROM SNOWDRIFTS

Cleveland, C., Dec. 30.—Northern Ohio was digging itself out of the deepest snow which has fallen in this section in two years, today, and traffic companies were working hard to restore normal conditions which were interrupted by yesterday's blizzard.

Street car service in the city was as usual today but interurban electric cars and steam railways were running slightly behind schedules. Telegraph and telephone companies were repairing damage.

One man was frozen to death here last night and there were numerous minor accidents. Snow in the city was about six inches while from points east in the vicinity of Ashtabula and Conneaut, a fall of from one to two feet was reported.

BIG BOUT AT NEW ORLEANS DECLARED OFF

WILLARD'S MANAGER AND PRO-
MOTOR DISAGREE ON DE-
TAILS OF AGREEMENT.

Tommy Burns Wanted Fulton to
Meet Another Challenger Before
Willard Match in March.

(ASSOCIATED PRESS TELEGRAM)
New Orleans, Dec. 30.—The 20-
round fight for the heavyweight
championship scheduled for March
4 in this city between Jess Willard
and Fred Fulton of Minnesota, was
definitely declared off here yester-
day by Tom Jones, Willard's man-
ager, and Tommy Burns, local pro-
moter, who was a partner of
Dominick J. Tortorech in promoting
the fight.

A disagreement between Jones and
Burns over the latter's insistence
that Fulton meet some other first-
class fighter before the Willard
match caused the cancellation. Jones
said last night there was a strong
probability that Willard and Fulton
would fight for the championship
in Milwaukee Feb. 22.

Announcement was made by Torto-
rech and Burns, Dec. 24, that they
had decided to try to substitute
Frank Moran of Pittsburgh for Fulton
in the match with Willard. A few
days later Burns announced he was
willing to take over the Willard-
Fulton agreement alone and hold the
fight here as originally arranged, ex-
cepting that Willard should take a
percentage of the receipts instead of
a \$32,500 guarantee.

Jones arrived yesterday from
Chicago and conferred with
Burns in an endeavor to settle
the hitch over the match. Announce-
ment of the cancellation followed.
Jones said he would not agree to
Fulton's meeting another fighter be-
fore he fought the champion and in-
sisted that Willard would fight Ful-
ton before taking on any other chal-
lenger.

Jones showed a telegram from T.
S. Andrews of Milwaukee offering
Willard \$25,000 for a 10-round
championship match with Fulton in
Milwaukee, Feb. 22. Unless a better
offer is received, Jones said, he will
accept Andrews' proposition.

Burns telegraphed to Ike Dorgan,
Frank Moran's manager, at New
York, late yesterday, offering Moran
\$7500 for a fight with Willard. Jones
said if Moran accepted and if suitable
terms for Willard could be arranged,
the champion would meet Moran in
New Orleans March 4 or 6.

The agreement for a 20-round
championship bout here in March
between Willard and an opponent to
be selected by the local promoters
announced that Fulton had been
selected as Willard's opponent. Ful-
ton was signed in Chicago for the
match on Dec. 15.

**Fulton's Manager Believes
Andrews Will Get Match**

Chicago, Dec. 30.—Mike Collins,
Fulton's manager, had not received
word from New Orleans last night,
but he said he thought Willard
would meet Fulton, as Tom Jones,
the champion's manager, had prom-
ised when the first doubt about the
New Orleans match was in several
days ago. Collins said he was in
momentary expectation of word from
Jones.

"Tom Andrews of Milwaukee has
offered a purse of \$25,000 for a 10-
round bout between Willard and Ful-
ton to take place in Milwaukee in
February," Collins said. "I feel con-
fident he will get the contest if the
New Orleans match is off. I have
faith in Jones' assertion that if Tom-
my Burns called off the New Or-
leans match he would give Fulton
the first chance at the champion, and
that he would rather Tom Andrews
get the contest than to permit Burns
to change the terms of the match as
originally arranged."

Tom Andrews, according to Mil-
waukee dispatches, has had no ad-
vice that the proposed fight had
been declared off.

SURGEONS DELAY OPERATIONS AS GRIP IS RAGING

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 30.—Physicians
and surgeons were warned by the
New York health department today
to delay operations upon the nose
and throat until the epidemic of the
grip, now prevailing, is ended. Dr.
D. Bryson Delavan, at whose sug-
gestion the warning was issued said
physicians learned during the great
epidemic of 1895 that nasal op-
erations could not be successfully
performed when such an epidemic
was prevalent.

INDIANAPOLIS RACE IS OUT TO 300 MILES NOW

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, Ind., Dec. 30.—The
annual Indianapolis motor speedway
automobile race will be run over
only 300 miles on May 30, 1916, in-
stead of 500 miles as for the past
five years, according to the entry
blanks, sent out today. The purse
for the race also has been cut from
\$50,000 to \$30,000, the first prize
being fixed at \$12,000. There will
be ten prizes, the scale as in former
years.

Under the new ruling five cars
of the same make may be entered in
the race. In addition to a factory
team of three cars, two additional
cars of the same name may be en-
tered by individuals not connected
with the factory.

HOSPITALS

IN FRANCE HAVE ABOUT HALF
MILLION BEDS NOW OCCU-
PIED.

Tremendous Cost of Maintenance—
Hospital Trains Purchased by
Popular Subscription.

(ASSOCIATED PRESS TELEGRAM)
Paris, Dec. 30.—There are 500-
000 beds in the military and auxil-
iary hospitals of France. The cost of
their maintenance is 1,000,000 francs
daily. These figures, however, give
no idea of the expenditure per pa-
tient, for the number varies con-
stantly and a considerable propor-
tion of the beds are always employ-
ed.

American contributions for hospi-
tal and ambulance work exceed 5-
000,000 francs. About 8,000,000
francs have been spent in France
thus far by three Red Cross societies.
At present they are maintaining
115,000 beds in 1200 hospitals at an
outlay of between 4,000,000 and 5-
000,000 francs monthly.

It is estimated that not more than
1,000,000 wounded have been cared
for thus far in France.

FIRST TRAIN HAS ARRIVED AT BERLIN; PEOPLE BROUGHT IT.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Dec. 30.—(By wireless to
Sayville.)—The first of the hospital
trains purchased for the central pow-
ers by popular subscription in Hol-
land arrived at Berlin today. At
towns along the way the Dutch dele-
gates on the train were welcomed
by crowds. On reaching this city
they were received by a representa-
tive of the empress, many prom-
inent physicians and Red Cross
workers.

Prof. Lang, who organized the
movement in Holland in reply to an
address of welcome said:

"It is often said Germany has no
friends. Here is the answer. You
hear only the voices of those who
vociferate the most loudly. We do
not vociferate. We act. We bring
help to the wonderful German army
—a task which fills us with pride."

NEWARK WOMAN FEATURE AT ELK ENTERTAINMENT

Jay Cooper, Eugene Kooos, Paul
Morrison, Walter Daugherty and
Harold Brennan were in Columbus
yesterday and attended an initiation
at the Elk now home in East Broad
street, which was followed by a
banquet and cabaret entertainment.
One of the acts was staged by Nancy
Walker and partner and it made a
great hit, the couple being forced
to respond to a number of encores.
Nancy Walker is the stage name for
Miss Ida Moore, daughter of Mr. and
Mrs. Marvett Moore, and the
young lady is making a name for
herself in vaudeville.

The Newark Elks while at the
Capital City arranged for a cabaret
entertainment at the "Roll Call"
next Tuesday night at the Elk club
in East Park place. It will consist
of specialties by professionals includ-
ing the big song hits of well known
cabaret acts. An excellent orchestra
will furnish music and a buffet
luncheon will be served.

BOWSER ARRANGES BOUT FOR JAN. 6 WITH BARRETT

Before leaving for Pittsburgh to
spend a few days, Paul Bowser, local
wrestler announced that he had
made arrangements with Wilfred
Barrett for a match at the Music
Hall Jan. 6. It will be a finish
match, according to Bowser's state-
ment and as the two men are evenly
matched as to weight, local wrestling
fans may well expect some rapid
action on the part of the two men.
Barrett claims the French light-
weight championship and says he has
defeated all the men of his weight
158 pounds whom he has met in the
past five years.

CONSCRIPTION NOT APPROVED BY NEWSPAPER

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 30.—Although other
liberal organs seem to be at least
reigned to the idea of compulsory
military service, the Manchester
Guardian which is the most impor-
tant provincial newspaper declares:
"Nothing can be more unsatisfac-
tory—or we will say, irrational—
than the way in which the govern-
ment appears to be drifting into a
reversal of one of the greatest of
our national traditions and dividing
the nation hitherto so splendidly
united. The Guardian accuses the con-
scriptionist party of seizing the op-
portunity presented by the war to
give effect to a preconceived policy.

NEWARK IS TO HAVE SEVERAL CONVENTIONS

STATE MEETING OF EAGLES,
FARMERS' GRANGES
AND Y. M. C. A.

Are Already Scheduled and Efforts
Are Being Made to Get Sev-
eral More.

The city of Newark will during
the year of 1916 occupy a niche in
the hall of convention fame along
with other larger cities, which each
year entertain many convention dele-
gates to their city. Newark will be
the scene of several large gatherings
during the new year and the business-
men and citizens will unite in show-
ing the visiting delegates that they
made no mistake in selecting this
city for holding their convention.

Newark businessmen quick to
grasp every opportunity which will
bring new faces to Newark, realize
the vast importance of placing the
city on the convention map. As a re-
sult of their efforts, the city of New-
ark will during the year of 1916
take care of in the neighborhood of
50,000 convention visitors.

The first convention scheduled for
the new year is the Y. M. C. A. state
convention, which will be in session
for two days, February 11-12. This
will bring about 300 delegates to
Newark. It is the first meeting in
Newark of the organization, since
1899, and plans are now being made
to make the meeting a memorable one.

The largest delegation of visitors
in Newark next year will be in June
when the Eagle's hold their state
convention. According to the fig-
ures of all previous Eagle's con-
ventions, this city should house during
the week, over 15,000 delegates and
visitors.

Then just before the holiday sea-
son begins the State Grange meet-
ing is scheduled to be held. This will
mean in the neighborhood of 9,000
visitors.

A great many smaller conventions
are being sought and it is probable
that the new year will be the great-
est ever in Newark, in the way of
conventions.

During the year 1915, two state
conventions were held in Newark
and several church conventions com-
prising districts of two or more
counties. The State conventions were
the Woman's Christian Temperance
Union and the Ohio Synod of the
Presbyterian church.

During the past season Newark
was the scene of two large gather-
ings, the Masonic and Knights of
Pythians dedication services. Sev-
eral thousand members of the two
organizations were visitors to the
city.

CRUDE OIL

STORED IN LARGE QUANTITIES,
ARGUMENT AGAINST ANY
PRICE BOOSTING.

Geological Survey Makes Report of
Production and Gives Figures for
Year 1915.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 30.—Prelimi-
nary estimates of the Geological sur-
vey on the production of crude pet-
roleum in 1915, which are to be
used in connection with the federal
inquiry into the causes of advancing
gasoline prices, were made public
today by secretary Lane and indicate
an increase of about two million
barrels over last year's output which
with a total production of about
290,000,000 barrels, was a record
breaker.

"The present year began with a
surplus of petroleum in field stor-
age," said the report, "so that pro-
duction of crude oil was not pushed.
Under these conditions the small in-
crease in marketed production was
significant. Of the total yield of the
wells the past year about eight per
cent remains in field storage, and
added to this are the stocks held in
storage by the pipe line companies a
reserve estimated by the survey at
fifty million barrels greater than a
year ago.

"The supply in the United States
is not unlimited, but the decline in
the country's output of crude oil
has not yet set in. The increase in
stock is in itself a fairly conclusive
rebuttal of any price-boosting plea
of present shortage. Furthermore,
the better market for crude oil

which characterized the closing
months of the year has already stim-
ulated drilling activity which may
contribute to next year's produc-
tion."

ANOTHER ADVANCE
IN CRUDE OIL WAS
ANNOUNCED TODAY.

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Dec. 30.—Another ad-
vance in the price of crude oils was
announced by the South Pennsylvan-
ia Oil Company at the opening of
the market today. Pennsylvania
crude, the base of the list being ad-
vanced ten cents a barrel to \$2.25.
Ten cents also was added to Mercer
black, Corning and Newcastle, bring-
ing the price to \$1.75, while eight
cents additional lifted Cabell to
\$1.78 and Somerset to \$1.63. Rag-
land was advanced three cents to 75
cents. Oil authorities expressed
some hope that this latest addition
to the price would bring out stocks
now in the hands of producers,
which are badly needed by the re-
finers because of the tremendous
demand for oil for domestic and for-
eign use.

WAGES

OF 200,000 EMPLOYEES IN NEW
YORK WILL BE INCREASED
JANUARY 1.

Increases Estimated to Aggregate
Millions of Dollars in Nearly All
Lines of Employment.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 30.—Wages of
200,000 employees in various trades
in this city will be increased begin-
ning January 1, it was estimated to-
day. The increases are expected to
aggregate millions of dollars. Thou-
sands of workers on street, subway,
and elevated railroads are included
among those who will profit by the
advances.

The United Board of Business
Agents for the building trades un-
ions announces that the wages of
more than eight thousand machin-
ists, tile layers and lathers are to
be increased by from fifteen cents to
\$1.40 a day. Increases beginning
January 1 are demanded by many
other unions and range from 25
cents to fifty cents a day. Increases
in pay have been granted to 12,000
girls in the millinery trade, 3,000
waiters and to 1200 mechanics in
the New York Navy Yard. Employ-
ers say they do not remember a
time when more labor organizations
asked larger pay than at present,
nor when so many were obtaining it.

Didn't Know It Was Loaded.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 3, 1879.

The high price of gasoline causes much more indignation in certain classes of society than the cost of flour.

The popular New Year's resolution for many men is to resolve to make a lot more money in 1916 than they did the past year.

The holiday gift of Wall Street to the nation has been a notice to put up more margin on a number of prominent industrial shares.

The suffering people of New York City are now permitted to eat horse meat, but they have not yet begun to chew their shoe leather.

While Christmas trade this year was called very good, no great enthusiasm has come to our ears from the merchants who don't advertise.

Some one remarks that the American notes of protest have all been pigeon holed by the warring powers, but it would seem more likely that they were waste baskets.

A wide spreading epidemic of grip being reported, many people decide to protect themselves against the dangers of fresh air by tightly closing their sleeping room windows.

If the Advocate would print the remarks prominent Republicans are making about Mayor Bigbee's recent appointment of his son, the paper perhaps, would be barred from the mail.

Some one writes to the New York World as to what tip a lady of moderate means ought to give in a restaurant for a 10 cent cup of tea. Probably the waiter under the circumstances would condescend to let her off for 15 cents.

Some one asks what has become of the man who used to start in January 1 keeping an elaborate diary? Probably he now hires a stenographer, who records carefully his receipts, payments, and bank deposits, which is all he cares to have remembered.

The Labor Market in Winter

Labor conditions in winter create some peculiar problems in the United States. Skilled labor is rarely unemployed for any length of time. But there is always a large class of seasonal laborers for whom winter brings little but odd jobs and often not those.

The great grain and other crops of this country keep an enormous number of men busy through the summer months for whom there is little or no work in winter. Another great army of men are released by the stoppage of highway work, construction jobs, etc. The condition of these men and their families through the winter is often pitiful.

Summer is the cheapest time to live. In the farming districts great quantities of vegetables and fruits can be had for low prices. The family chicken yard is a great source of dependence until the short days when the hens go on strike. In cold

an assumption of primacy by the United States on the Western Hemisphere. It was the warning of this Republic to the Holy Alliance that we would not allow European nations to establish themselves where they could menace our safety. We would protect any South American State as a means of protecting ourselves, and we have never assumed the right to direct the policies of any of our sister Republics.

Since Mr. Olney's expression in a controversy in which we risked war with Great Britain in order to protect Venezuela, which should have secured us the generous appreciation of all the South American nations, we have fought Spain in the interest of Cuba and given that island its independence. We have put up with five years of savage civil war in Mexico without resorting to force to suppress the disorder which was taking American lives and property. What better evidence of our disinterestedness could be asked for?

Nothing more could be needed. If anything more were asked for it was given by Secretary Lansing in his address to the Pan-American Scientific Congress, when he said: "The might of this country will never be exercised in a spirit of greed to wrest from a neighboring State its territory or possessions." President Wilson has said the same before. Secretary Root has said the same in the capitals of South America. There has never been anything in our conduct to other American nations that belies these expressions. And in a spirit like that of Secretary Lansing, the Chilean Ambassador replied: "The Government of the United States has completed the erasing with a friendly hand of the last traces of past misunderstandings and erroneous interpretations which in former times clouded the horizon of America."

There was no ground for the misunderstandings, and there is now no excuse for them.

Democrats "Deelighted."

(Washington Star.)
Naturally, there is joy in the Democratic household over the Gary dinner. It is accepted as forecasting the nomination of Mr. Roosevelt by President by such influences as will give Mr. Wilson a walkover. So great is the feeling of felicitation, indeed, that Senator Chilton of West Virginia, recalls with pride that he "found him first." A year ago he predicted that Mr. Roosevelt would lead the opposition to Mr. Wilson in 1916.

Are not the exhibitions of joy too frank? Will they not operate as a warning? Did not Judge Gary lay covers prematurely for his millionaire credits? It looks that way. He should have considered that such a dinner could not be kept secret, and that publicity would invite every straight Republican on guard. The matter is out six months before convention time, and the talk already begun will increase in volume and animation as the weeks pass.

Last fall a new constitution, containing many elements of strength, was submitted to the voters of New York, and met with an overwhelming defeat. A majority approaching half a million was recorded against it. Republicans, Democrats, Bull Moose and Socialists were found in numbers in the ranks of the opposition.

Why? Because the charge was made and widely circulated and insisted upon, that the convention which had drafted the instrument had been too much under the influence of the capitalistic classes; that it represented their interests and desire far more than those of the non-capitalistic classes, and on that account did not answer the purposes for which the convention had been called. The constitution had its champions, and they were able and excellent men, but they could not stem the tide of the anti-Wall street feeling.

Would not a Presidential candidacy tagged with a similar charge meet with a similar fate? How could it escape? What more would be necessary than to check off, bill clerk fashion, the men who had brought the candidacy into being, and were financing it bountifully for their own purposes? What would it avail to reply with Mr. Roosevelt's anti-Trust record of a decade ago? Here would be his Trust supporter of even date, with George W. Perkins at its head, to show that he had made his peace with his Trusts, and in office again through their instrumentality would be "good."

Mr. Frick's Shrewd Charity.

(New York World.)
In protecting from loss the 41,000 school children whose small savings were involved in a Pittsburgh bank failure, Henry C. Frick performed a conspicuous act of Christmas charity. This was playing Santa Claus on a large scale and for the benefit of those to whom the festival belongs by right of youth. But it was more than that; it was benevolence the sentimental effect of which may be out of all proportion to the amount given.

For these small savings, petty as were most of the individual deposits, were yet the children's little all. They were the fruits of their first lesson in thrift, their first slight acquaintance with finance, and to have it suddenly swept away would have been too much for the childish philosophy. Their loss would have engendered a distrust of banks and a cynicism which might have lasted in the years to come. There were many seeds of anarchy in this disillusioning experience of school children with bad banking methods.

What Mr. Frick has done has been to allay their distrust and to nip in the bud the first growth of discontent. He has applied an infinitesimal part of his fortune to poultice a sore spot that might have become inflamed, and in the exercise of holiday charity to alleviate suffering he has given the Christmas spirit a novel application.

Senator La Follette might apply for a Nebraska nomination.—Chicago News.

Spirit of the Press

Does Sound Inconsistent.
In Dun's Review we read that "in spite of numerous complaints of inadequate overseas shipping facilities, merchandise exports during November were the largest for any month in the history of the country." Is it not singularly inappropriate, when our exports are very much heavier than they ever were before, to complain that we are in desperate need of shipping, and are "at the mercy of foreigners?"—Philadelphia Record.

Our "Dardanelles" Are Secure.
From one lesson of the Gallipoli campaign we can take comfort. Our chief coast defenses are stronger than those which the Turks have held so easily against great odds. New York, Boston and San Francisco are just as invulnerable from attack by sea as the Dardanelles if we put the men behind the guns. What the Turks have done so well we can do. Nine-inch guns mounted on land proved superior to the 15-inch batteries of the Queen Elizabeth, and we have something much better than the old nine-inch guns the Turks used.—New York Commercial.

Best Places for Honeymoons.
"As Niagara Falls is out of date," ventures The Cleveland Plain Dealer, "Why shouldn't married couples spend their honeymoons at Bliss, Idaho; Joy, Ky.; Delight, Kan.; or Sweetie, N. Y.?" And if a girl marries a gambler, there's Hazard, Ky. If she marries a foreigner for a title the honeymoon should be spent in Hell for Sartin. A poor young man, who has successfully angled for an heiress, might celebrate appropriately by honeymooning at Kingsfisher, Okla.—Louisville Courier Journal.

Introduction of Slavery.
The dull boy in the class unexpectedly distinguished himself in a recent history examination. The question ran: "How and when was slavery introduced into America?" To this he replied:

"No women had come over to the early Virginia colony. The planters wanted wives to help with the work. In 1619 the London Company sent over a shipload of girls. The planters gladly married them, and slavery was introduced into America."—Youth's Companion.

Easily Satisfied.
At the time the accident occurred she was motoring with her cousin and had stepped out of the car and was standing on the road when another car swept by, striking her. She received a compound fracture of the left thigh and two broken ribs on the left side. The attending physicians pronounce her condition satisfactory.—New York Times.

Rippling Rhymes

Insomnia.
If one can go to bed and sleep, he has no cause to wail or weep, however large the load of care that he is called upon to bear. A good night's sleep should nerve the soul to put affairs in the hole, the man who rises from his bed, refreshed by sleep from heels to head, and yet confesses dour fear of griefs and worries lurking near, is much too cheap to have around; he's dear at half a cent a pound. But if a fellow cannot snooze, when he takes off his shirt and shoes, and soaks his false teeth in a pail, and hangs his whiskers on a nail, the fight's unequal from the first, and he is bound to draw the worst. He cannot fight with steady lance, he cannot look with dauntless glance upon the troubles of the day; he wants to shriek and run away. One fellow wins in all he tries, and captures even if offered prize, because when he retires to bed, he sleeps eight hours, like some one dead. Another falls and draws a blank, and owes some money at the bank, because at night he seldom knows a solid hour of real repose.

In Milady's Boudoir

By Gwen Sears

If women built up their bodies by outdoor exercises and at the same time cared for delicate complexions and fine hair, they would be the most beautiful of all ages. You may believe that the Frenchwoman, because she is quick and slim, is a bundle of nerves, but it is not so. She is temperamental and her emotions are near the surface but her nerves have rest because she never worries from one day to the next.

The American does a host of nerve racking things to mar her beauty. We Americans never rest, for we fill our spare moments reading exciting fiction, watching intense dramas or playing bridge as if our lives depended upon it.

You must learn to control your mind when there is real need of physical waste, for worry only too quickly leaves its stamp on the features. If you have missed a train, don't pace the platform and search the face of the clock and frown at the gateman. This mental hurry will not increase the steam pressure in the engine carrying the next train.

Do your best to cultivate repose and nerve control and you will conquer our national weakness. Follow the English woman's habit of taking cross-country walks in the open air, and study the French woman's clever maneuvers to improve her natural looks. The combination of these three should give you real claims to that elusive quality known as beauty.

Your Boys and Girls

Children always appreciate sandwiches and for little luncheon feasts they revel in the much liked dessert sandwiches, which are nothing more than triangular slices of white bread with a filling of one cup of grated coconut, one half cup of powdered sugar and orange juice to make it a proper consistency.

Another nice filling for circular slices of buttered bread is a mixture of half a pound of finely chopped figs, one-third of a cup of sugar, one-half a cup of boiling water, and two teaspoons of lemon juice cooked until of spreading consistency.

For these sandwiches, which are wholesome as well as delicious, bake bread in half pound baking powder tins, thus producing a loaf from which circular slices may be cut.

DEFENSE RESTS IN NEW HAVEN CASE.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 30.—The defense rested its case today at the trial of William Rockefeller and ten other former directors of the New York, New Haven and Hartford railroad, charged with conspiracy under the Sherman anti-trust law to monopolize the railroad traffic of New England. The trial has been in progress since October 13.

MORE BIRTHS IN 1914 THAN 1915; DEATH RATE LESS

The stork during 11 months of 1914 paid the city of Newark 476 visits, while for the same number of months in 1915 he is credited with only 299 visits, a shortage in the birthrate of 177. Health Officer Dr. W. H. Knapp said Thursday that this year's birth rate would hardly equal the 1914 record.

The death rate last year for eleven months was less than for the same period of time this year. 1914 recorded the death of 343 as against 351 for this year. December's report of births and deaths will not be complete before the early part of January.

PENFIELD GETS AUSTRIA'S NOTE

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 30.—Ambassador Penfield at Vienna, has received Austria's reply to the second American note regarding the sinking of the liner Ancona. An official announcement to that effect was made by Secretary Lansing today.

Ambassador Penfield reported today that the reply was about 3,000 words long and that considerable time would be necessary to place the communication in code in the embassy in Vienna. There was nothing in his speech to indicate the tenor of the reply. Officials of the state department believed the note would arrive some time before Saturday.

NAME CHANGED; NEW OFFICERS FOR SUPPLY CO.

After January 1, the Evans Supply company, doing business in the old armory building, East Main street and B. & O. crossing, will change its name to the Universal Supply company. The change in name followed the withdrawal several months ago of Fred G. Evans, who established the firm here more than ten years ago.

The new officers of the company are: J. F. Van Voorhis, president; R. Clay Van Voorhis, vice president; and Howell Hughes secretary and treasurer.

The policy of the company remains unchanged and it will continue to deal in plumbers' and gas fitters' supplies, etc.

One New Township Officer Takes Job First of January

Emmet Forgraves, elected constable in Newark township at last November's election will assume the duties of his office January 1. He is the only new official among the township officers. Trustees William Holler, Franklyn Frye and Mac Mossman, Justice L. M. Jones, Clerk M. R. Scott and Treasurer Pugh were re-elected. They will begin their new terms Jan. 1, succeeding themselves.

NO FURTHER ACTION IN BLUE SKY CASE.

Columbus, Dec. 30.—Attorney General Turner has let it be known that no further proceedings will be had in the case of the Geiger-Jones Co. of Canton, because that company's blue sky license expires on Friday. Action for revoking the company's license was considered.

CENTRAL CHURCH HOLD RECEPTION NEW YEAR'S EVE

For several years, it has been the custom at the Central Church of Christ to use the last night of the old year, or New Year's Eve, to conduct the Annual meeting of the church, a social and reception, and a watch-night meeting. Accordingly, tomorrow (Friday) night, will be the time for these events. The annual meeting will begin promptly at 7:45, and will be opened with a devotional period of fifteen minutes, conducted by the pastor. There will be written reports from all of the officers and from each sub-organization in the church, including a written review of the year's work by the minister, W. D. Ward. No member of the church can afford to miss

these reports. They will be brief, but concise and full of information. The election of officers for the ensuing year will also take place at this session. Following the session just described will be the social, which will be in the nature of an informal reception for new members. There will be included all who have united with the church since September 1st, 1915, of whom there are between 85 and 90. Light refreshments will be served. It is earnestly hoped that all of these will be present, and that the older members will be present in large numbers to greet them. There will be words of music, etc. From 10:30 until midnight, there will be a watch-night meeting, conducted under the auspices of the Christian Endeavors. All of the friends of the church are cordially invited to attend any or all

of these sessions, and a hearty welcome will be given to any others who care to come.

FIRST AUTO TAG WAS ISSUED TO HAROLD BRENNAN

Harold F. Brennan of the Electric Shop, has the first auto tag for the year 1916 and already has it on his machine. The tags for last year had the white background with the black letters and numerals and the "Ohio" was arranged in monogram form with the large "O" and the letters "h and i" were placed within the "O". This year the background is black with white letters and in one corner is the word "Ohio" and beneath it the number at "1916" and the auto number.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water-drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

STEAMER ARRIVES IN NEW YORK AFTER A STORMY VOYAGE

(ASSOCIATED PRESS TELEGRAM) New York, Dec. 30.—The steamer Bankdale arrived this morning from Bordeaux after a tempestuous voyage in which the cattle fittings and rails were carried away and boats lifted from their fastenings. On the outward passage to Bordeaux November 19, when 750 miles from the port a bomb exploded in No. 6 hold.

The explosion was distinctly felt throughout the steamer. The cargo consisting of cotton, was set on fire and the blaze raged until reaching port when it was finally subdued.

All the cotton in the No. 6 compartment consisting of 200 bales was destroyed.

Cable dispatches received here on November 6 from Bordeaux stated that the Bankdale, had arrived there with a fire in her hold and that an inquiry was being instituted. No mention was made in the cable dispatches of a bomb explosion on board.

Watch Night Services

Tomorrow night the Maple Avenue C. V. church will observe watch night with appropriate services, beginning at 8 p. m. Special program has been arranged, and a splendid meeting is assured to all who attend. The following program will be carried out:

9 to 10:15. Senior Endeavor hour, in charge of Mr. R. Cass. All Endeavors of the city are specially invited to this service.

Several special selections will be given. Come help make this meeting of the Endeavors the best ever.

10:15 to 11 p. m. Social hour; light refreshments will be served. Mr. C. McComber toastmaster.

11:00 to 11:30 p. m. Sacred hour, in charge of the pastor, Rev. Mr. Orrt.

Watch this paper tomorrow evening for Sunday's announcements; special doings in the North End all day next Sunday.

Just keep your eye on the Maple Avenue Christian Union church in 1916, our motto, "Help Somebody today."

Granville

(Special to The Advocate) Granville, Dec. 30.—Mr. and Mrs. J. S. Jones of Bryn Du farm on the Newark road, in accordance with their established custom, will be at home to their friends on New Year's afternoon from 3 until 6 o'clock. They will be assisted by their daughter, Mrs. Frances Jones. No invitations have been issued, but a cordial welcome will be extended to all who desire to observe the day by the old-time interchange of Happy New Year's greetings.

Mrs. Ellis P. Legler, after a week's visit at the home of her parents, Mr. and Mrs. F. L. Ferguson in South Mulberry street, left this morning for her home in Dayton.

Mr. and Mrs. C. E. Frank of Centerville street, have gone to Mansfield to be the guests over New Year's of relatives and friends.

Miss Bertha Frank, daughter of Mr. and Mrs. C. E. Frank, will spend the remainder of the vacation visiting friends in Columbus and St. Paris, where she will be honor guest at several holiday festivities.

Mrs. C. E. Stanton returned today from a visit with her parents, Dr. and Mrs. Bousall of Pittsburgh. Rev. C. E. Stanton, district secretary of the American Baptist Home and Foreign Mission society for Ohio and Indiana has just returned from a business trip to Indianapolis, following a visit at the home of his wife's parents, Dr. and Mrs. Bousall in Pittsburgh.

Rev. W. A. Holmes will go to Toledo Friday, there to speak at The Worker's supper to be held in the Ashland Avenue Baptist church.

Miss Anna M. Inglis is spending the holidays with her parents in Chicago.

The last church meeting of the year and the regular covenant meeting of the Baptist church, will be held this evening. All are invited to come prepared to participate.

An original and unique entertainment was furnished the ten guests at progressive dinner party given last evening in honor of Miss Laura Cook, who is at home from Wooster college for the holidays. Despite the condition of streets and sidewalks the young people found great enjoyment and exhilaration in the goings and comings which the several courses called for. Mrs. Lee Moore in West College street was hostess for the first course, the favors being Denison colors. The guests then repaired to the home of Miss Louise Williams, just across the street, where they were served with the meat course, receiving favors of holly. The salad was served at Mrs. Moore's, where the favors were in the form of a feather, tied with a red ribbon; desert was served at Miss Williams' home and the favors used were the orange and black of Wooster college. All the guests were members of the Sigma Delta Phi sorority of which Miss Cook is a member. Miss Mary Anderson of Newark was the only out of town guest at the function.

Colds Need Attention.

Internal throat and chest troubles produce inflammation, irritation, swelling or soreness, and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine-Tar-Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey. 25c all Druggists.

Resinol

heals babies' skin troubles

Babies with eczema, teething rash, chafing, and other tormenting skin troubles need Resinol Ointment and Resinol Soap. They soothe and heal the irritated skin, stop all itching, and let the little sufferers sleep. Babies bathed regularly with Resinol Soap seldom have skin eruptions.

Resinol Ointment and Resinol Soap have been used by physicians and nurses for many years, and contain nothing which could possibly injure or irritate the tenderest skin. Sold by all druggists.

ALL WRONG

The Mistake Is Made By Many Newark Citizens.

Look for the cause of backache. To be cured you must know the cause.

If your weak kidneys you must set the kidneys working right.

A Newark resident tells you how. Mrs. Charles Korzenbon, 128 Fleek Ave., Newark, says: "I suffered from terrific pains in the small of my back and at times I was so dizzy I couldn't stand without putting my hand on the wall to steady myself. The kidney secretions were unnatural and caused me a lot of annoyance. I got Doan's Kidney Pills at Smith's Drug Store, and one box made me feel like a different woman. I can now do my work with ease and sleep soundly."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Korzenbon had. Foster-Milburn Co., Props., Buffalo, N. Y.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. P. J. CHENEY & CO., Props., Toledo, O.

FRENCH REPORT OF HOSTILITIES

(ASSOCIATED PRESS TELEGRAM) Paris, Dec. 30.—The text of the official statement given out today by the French war department follows:

"To the west of Peronne, the enemy attacked fiercely one of our saps in front of Domperle. The attack was completely repulsed.

"In Champagne, the region of Navarin farm, our artillery fire prevented the enemy from repairing the trenches which were demolished by us on the night of December 28 and 29.

"On the rest of the front, there was nothing to report."

COMPANY G WILL BE REORGANIZED INTO ONE OF BEST

Present indications are that company G of the Ohio National Guard is going to be made one of the best organized companies in the state. The staff in Columbus has detailed Lieutenant J. S. Bailey as a special recruiting officer for the local company, and during the past two days thirteen new recruits from among the most prominent young men of the city have been enlisted.

The display of gigantic armaments in the world war, now ravaging Europe, has made the United States conscious of the inadequacy of our national defenses. The fact that the defenses of the United States must be strengthened is now more apparent to the American people than ever before. Nations are founded by force, and their national existence depends upon their ability to defend themselves against the aggressions of hostile powers.

Recognizing these facts Congress is now considering the rehabilitation of four defenses. The National Guard is already organized and is a nucleus for the organization of a citizen soldiery. The personnel of the local company will be composed almost entirely of new members and will be a credit to city and to the patriotic and public spirited young men who are enlisted in it.

Plans are to add to the company's attraction by making it a social organization as well as a military organization. The armory will be equipped as a gymnasium, and the adjoining rooms will be used as club rooms by the enlisted men.

All men contemplating enlistment are urged by Lieutenant Ray Stauffer to confer with him at the armory in East Main street.

MOTHERS-YOUR CHILDREN'S HAIR NEEDS CARE

Seeds of Boldness Come Often From Neglect in Youth.

The hair of some children is naturally backward in healthy development. Growing up to fast, mental and bodily development of these boys and girls makes tremendous demands upon their vital forces. And oftentimes, when there is not enough of that vital force to supply all needs it is the hair which suffers. Dry, dull, brittle, lifeless-looking hair and dandruff is the result and Mother is distressed because of its lack of beauty.

Parisan Sage is the ideal hair and scalp treatment for growing children as many mothers can testify. This delicate and wholesome scalp vitalizer is entirely harmless and its nourishing ingredients supply just the elements of nutrition that properly invigorate the hair and scalp, dissolve dandruff and promote healthy normal hair growth.

Many mothers have become personal users of Parisan Sage because of the good it has done their children. Certainly a preparation that is tender and wholesome enough to invigorate baby's scalp is a preparation well suited for mother, too. Parisan Sage is sold by W. A. Erman and many other good druggists, and the cost is trifling.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

OLD-TIME COLD CURE-DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

The greatest enemy of your teeth

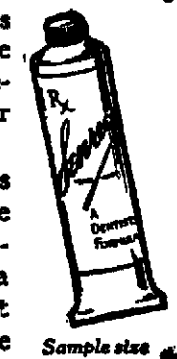

When scientists recently discovered the cause of that dread disease, pyorrhea, they discovered the greatest enemy of your teeth. Why yours? Because the germ that causes this disease inhabits every human mouth!

Your dentist will tell you that half of all the permanent teeth lost are lost from this disease. This is because people have not realized before that everyone should take precautions against this enemy. You can start now to ward off its constant attack and escape the terrible results of this disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesome clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Santanel Remedies Co., 502 Union Central Bldg., Cincinnati, Ohio.

Obituary

Dr. William J. Lisle.
Dr. William J. Lisle, who died re-
cently in Columbus, after an attack
of apoplexy, at the age of 66 years,
was for 27 years a resident of Patas-
kala. About 14 years ago he lo-
cated in Columbus. Twice he was
elected to the general assembly from
Licking county.

Thomas J. Bline.
Thomas J. Bline died at his home
in the Chatham road, five miles
north of Newark at 8 o'clock Wed-
nesday night after a six days' ill-
ness of pneumonia.
The deceased was born May 4th,
1843, to Jacob and Elizabeth Bline,
and had always resided in the nei-
ghborhood in which he died.
He was never heard to complain
for any cause, and the greatest mon-
ument which can be erected to his
memory is his patience and general
disposition, a monument builded by
himself by faith in and devotion to
his Maker. His presence in the
community made life's burden
easier for others and his passing
causes a vacancy difficult to fill.

He was married to Ellen M. King,
December 29, 1870, the latter pass-
ing away June 14, 1896. To this
union was born Bertha J., wife of J.
H. Brown of Granville, Clyde J. of
Newark, Gertrude, wife of C. S. Os-
burn of Newark, Blanche, wife of H.
F. Deem of Ashland, and Cora, wife
of Stanley Wright of St. John, Ore-
gon. Pearl of the home, and Calvin,
who died in infancy.

The deceased was again married
to Mrs. May J. Rannels, December
20th, 1899, who preceded him to the
Great Beyond just one year ago to
the day. He was a member of the
Lutheran church at Vanatta and
for a number of years was an offi-
cer. He was also a member of the
Grange in the community in which
he lived and always labored for its
uplifting.

Funeral services will be held Fri-
day afternoon at 1:30 o'clock from
the Lutheran church at Vanatta and
will be conducted by Rev. Mr.
Greenawalt. Interment will be made
in the Wilson cemetery.

Smith A. Marvin.
Smith A. Marvin, a veteran of the
civil war, and a former resident of
this city, died Tuesday evening at
the Soldiers' Home at Sandusky,
where he had been making his home.
The body will be brought to New-
ark tonight and taken to the Brad-
ley morgue in North Fourth street,
where funeral services will be held
Friday morning under the direction
of Lemert Post, G. A. R. Rev. P.
H. Frye will officiate. Burial at
Cedar Hill cemetery.
Mr. Marvin was 70 years old and
has been making his home at San-
dusky for the past four years since
his wife's death. A son, Fred Mar-
vin of Wheeling, a daughter-in-law
and a grandson reside in this city.
He enlisted at New London, in
the Twelfth Ohio Field Artillery
and served throughout the war.

Esther Roof.
Esther, 15-month-old daughter of
Rev. and Mrs. C. C. Roof, died at
the home of her parents in Urbana, O.,
last evening at 7:30 o'clock after a
short illness with a bad cold and
the grippe. The funeral will take place
at Urbana Friday morning and the
remains will be brought to this city
the same morning at 10:50 and in-
terred in Cedar Hill cemetery. The
little girl is survived by her sorrow-
ing parents and one brother, Lewis
Frederick, and a sister, Olive Eliza-
beth. Mr. Roof was a former pastor
of the Holy Trinity Lutheran church
in West Newark. Mrs. Roof is a
daughter of Mr. and Mrs. L. A.
Bailey, of 81 North Williams street.

**CLERKS IN WATER
WORKS DEPARTMENT
RECEIVE PROMOTION**

Beginning January 1, Misses Em-
ma Davis and Agnes Fitzpatrick, ef-
ficient clerks in the waterworks de-
partment of the city of Newark, will
be promoted to new positions cre-
ated by the city council in a recent
ordinance.

Miss Davis becomes cashier and
Miss Fitzpatrick is made chief clerk,
an increase in salary going with each
promotion.
Heretofore the two have held
clerkships. Their duties are not ma-
terially changed but the rapid in-
crease in business in this department
made it necessary to add more help
hence the ordinance creating the new
positions of cashier, chief clerk and
clerk. To fill the latter position a
temporary appointment will be made
until an examination is held by the
civil service commission.

When the laugh is on the little
fellow he has some difficulty in re-
alizing that brevity is the soul of wit.

COURT WILL BE
HELD HERE ON
NEW YEAR'S EVE

Judge Harry Jewell to be Here Fri-
day Evening to Pass on Rawlings
Motion for New Trial.

Judge Harry Jewell of Delaware
today notified Clerk of Courts Bert
O. Horton that he would hold a ses-
sion of court in this city on Friday
evening at 7 o'clock to hear the
motion for a new trial in the
Rawlings case, the defendant having
been found guilty of forgery on two
counts.

Should Judge Jewell overrule the
motion for a new trial he would in
all probability pass sentence upon
the defendant and the latter would
ask a stay of execution until he could
file a petition in error in the court
of appeals.

At the court house today regret
was expressed by the court officials
and attorneys in the case that Judge
Jewell had not set an earlier hour to
hear the motion as a number of
them had made social engagements

Court News.

B. G. Smythe, counsel for William
H. Dennis, in his damage suit
against Robert A. White and Ed-
ward Smucker, filed a brief for the
plaintiff in answer to a motion
filed in the case by Attorney Phil
B. Smythe, counsel for the defend-
ants.

Phil B. Smythe filed a motion
asking that certain terms in the pe-
tition of suit be stricken from the
first petition. Attorney B. C.
Smythe's petition says: "The motion
is frivolous and was conceived for
the purpose of procrastination."

No Court.

Common Pleas court was very
quiet Wednesday, not a case being
assigned for hearing.

New Hunting Licenses.

Clerk B. O. Horton has stopped
the sale of 1915 hunting licenses
and is sending back all applica-
tions. The new 1916 licenses
however, are available and are
being taken up with a rush.
It is evident that many hunters will
take advantage of New Year's day
to go hunting.

Commissions are Here.

Clerk of Courts Bert O. Horton
today received a number of justice
of peace commissions signed by
Governor Frank B. Willis. Com-
missions for the following justices
are at the clerk's office and they
should call for them at once: W.
Martin, Perry township; James M.
Smythe, Burlington township; W. J.
Mossman, Madison township; George
Kraeger, Hopewell township; W. W.
Miller, Newton township; Harvey
Peters, Bennington township; W. H.
Montgomery and E. K. Morrow, Har-
rison township.

FIRST ANNUAL
BANQUET GIVEN
BY SWISHER FIRM

The first annual banquet of the
John H. Swisher & Son Co., was
given at the Hotel Sherwood last eve-
ning, twenty-five salesmen and heads
of departments participating. The
menu was an elaborate one, the
guests being seated at 7 o'clock and
it was after midnight when good-bys
were said.

The affair was the culmination of
the progressiveness of the younger
member of the firm, Carl S. Swisher,
who has the management of the local
plant, the Swisher company control-
ling plants in four Ohio cities. The
after dinner talks of the different
members of the Swisher organization
developed the fact that each suc-
cessive year shows a substantial in-
crease in the company's business.

After the banquets had complet-
ed the last course and fragrant Ha-
banas had been passed, a feast of
wit and business talks were indulged
in. The Swisher road force covers
the entire United States and the busi-
ness of the firm has been phenom-
enal, their well known brands being
found in every city of any size in the
country.

The junior member of the firm,
Mr. Carl S. Swisher, was the recipi-
ent of many compliments by the
speakers for his progressive ideas
in the management of the local
plant, the business of which has
shown such advancement that it has
been found necessary to add an as-
sistant manager and after January
1, 1916, Mr. A. D. Loucks will serve
in that capacity.

All present last evening had an ex-
cellent time and it is the intention
of the Messrs. Swishers to make them
annual affairs.

MARRIED IN OHIO.

Astoria, Ore., Dec. 30.—Frances
Ellen Hare, oldest white woman in
the northwest, died here Tuesday
night at the age of 104 years. She
was born February 5, 1811 in Win-
chester, Va., and married Joseph
Hare, in Woodsfield, O., in 1827.
Her father, the late Judge Daven-
port, occupied the bench in the su-
preme court of Virginia and also
served three terms in congress. Of
eight children born to her, seven
survive.

Alhambra Friday and Saturday.

Fanny Ward, the famous American star, who is to be seen at The Alhambra on Friday and Saturday, in the Jesse L. Lasky production of "The Cheat," as the extravagant young society leader, has ample opportunity to introduce a number of the latest Parisian gowns. Miss Ward was fortunate enough to receive a number of the latest fashions from Paris just before her costume was called to the French colors. These gowns show very short skirts with pantalettes underneath. That they will be interesting to the feminine observer goes without saying. In addition to the striking gowns, Miss Ward is given an opportunity to display her wonderful collection of jewels, among which is the famous pear-shaped pearl, presented to her by the late Archduchess Isabella of Austria, and the famous leugia blue diamond, valued at twenty-five thousand dollars.

A Little Daredevil.

At the age when most children are still afraid of the big world, five-year old Zoe Bech, of the Biograph players, swims like a duck in boisterous water and rides a horse at full gallop. It was in the making of the two-reel Biograph, "Packer Jim's Guardianship," that little Zoe gave an exhibition of riding which caused the professionals on the scene to gasp with amazement. To mount the horse she climbed stirrup-high with the aid of a bench before her father's cabin door, then scrambled up into the saddle, bestrode it, and was off. Suddenly, at the call of the director, the Indians, who attempt to kidnap her came thundering out of a ravine. One look, and Zoe, lashing her mount with the bridle, was off at top speed. For the best part of a half mile the exciting chase continued, the camera being set on a hill commanding the valley. Suddenly the Indian chief overhauls the girl and plucks her from the saddle while going at full gallop. This incident proves that Zoe wasn't tied to the saddle. To cap the climax, the clever little Biograph player then proceeded to give an exhibition of bareback riding, after the Indian chief was unhorsed. And it's all in the film at the Grand next Sunday.

BIBLE SERVICE AT

MAPLE AVENUE C. U.

The Bible service at the North End C. U. church was well attended last night. Thirty-eight Bibles were brought to the meeting. The oldest Bible was owned by Mrs. Walcott, presented to her in 1877. Mrs. Walcott was the oldest Bible student present, and Master Richard Deveraux aged 7 was the youngest child that could read from his Bible.

The service was in charge of the pastor, Rev. Orr, who illustrated his talk with the aid of a black board. The Value of the Bible as a text book will be discussed next Wednesday night; this will also be an illustrated talk.
